We are pleased to present our 2011 catalog supplement.

There are 100 new items inside and the new punched tin ornaments are the best items we have had in 38 years of business.

The new ornament line, OR-500 series, will prove to be fantastic. Some of the items are 2 sided and some have multiple pieces. The Christmas balls are painted on one side with an old fashioned crackle finish and a separate plain back piece gives the ornament a rounded, 3-dimensional look.

IMPORTANT

Sorry, we had to raise the price of eight items by only 10¢ (see page 19). The price of these items increased too much for us to sell at 50¢. They are some of our best sellers and it is better to have them at a slightly higher price than to remove them from our line.

The price increase will take effect July 1st.
